

FIRE FIEND AGAIN VISITS THRIVING CITY OF UTICA

Discovered in the McKidrick Building at One O'clock Tuesday Morning Soon Makes Rapid Headway

Lack of Fire Fighting Apparatus Was Serious Handicap in Subduing the Flames---Loss Estimated at About \$18,000 Partly Covered by Insurance.

Utica, O., March 8.—It looks as though this place was doomed to be wiped off the map by the fire fiend. For the third time within the past several years Utica has been visited by another disastrous fire. The town had just begun to recover from the effects of the last fire, which swept away the greater portion of the business section of the place, and the people were beginning to have faith in the future when all their hopes were dampened by another most disastrous fire which broke out about 1 o'clock Tuesday morning, and which will entail a loss of from fifteen to eighteen thousand dollars.

Shortly after 1 o'clock Tuesday morning fire was discovered in the rear of Hovling & Antonio's pool room, in the building owned by Samuel McKidrick of Sandusky, O., the man who was instrumental in promoting and starting the first glass works in Utica. The building was also occupied by the restaurant of St. John & Barnard.

The alarm was quickly turned in and in a few minutes fully a thousand people had assembled on the streets in the vicinity of the fire and were doing all they possibly could to prevent the spread of the fire. Notwithstanding the efforts of those engaged in fighting the fire, however, the flames made rapid headway, and soon the McKidrick building was entirely gutted. While exact figures can not be obtained at this time, it is roughly estimated that the loss on the McKidrick building will reach about \$2,500, while the loss on Hovling & Antonio's pool room will be about \$1,500 and Stafford & Barnard's restaurant will have a loss of \$700, the loss on the restaurant being fully covered by insurance.

The flames soon communicated with the building on the north owned by C. W. Jewell and occupied by his hardware store or the lower floors. The rooms above the store were occupied by Mr. Robert Howard, who succeeded in saving the greater part of his goods. Mr. Jewell's loss is estimated at \$2,500 on the building and \$500 on the stock.

The large building owned by Ben Quick, just south of the pool room, which was built by A. W. Nichols of Newark, and in which three families lived, was damaged to a considerable extent by the fire.

The Wilson store building, which was the location of the original Wilson bank, was damaged to the extent of \$100 or \$200, while the Nick Hall restaurant was also damaged to some extent.

The losses as near as can be ascertained at this time may be summarized as follows:

C. W. Jewell, hardware store,	\$2,500, building,	\$2,500
McKidrick building,	\$2,500	
Hovling & Antonio's pool room,	\$1,500	
Stafford & Barnard, restaurant,	\$700	
Quick building, \$100		
Emmer Bowl, household goods,	\$200	
Robert Howard, household goods,	\$200	

The total loss will amount to the neighborhood of \$10,000, which is the greater part covered by insurance. How the fire originated is not known.

DEAN BILL DEFEATED BY VOTE OF 18 TO 16

Columbus, O., March 8.—The senate by a vote of 18 to 16 defeated the Dean bill this afternoon. Senator Alsdorf, of Licking county, voted against the bill.

Columbus, O., March 8.—Special orders made yesterday fixed the program for the big bills of the session.

This program is to put through the Langdon tax commission bill and the Smith bill for the 1 per cent tax rate this week and the Woods utility bill next week.

The Langdon bill was made a special order for 1:45 p. m. Thursday, the Smith bill for 2 p. m. the same day. The utility bill was made a special order for 1:45 p. m. Thursday, March 17.

The Alsdorf 1 per cent tax rate bill will be reported to the senate today and made a special order for Thursday.

By this program the Republican majority has divided reform hours with the Democrats. By paying the way for the passage of the Alsdorf and Smith bills introduced by Democrats, the Republicans have practically handed the tax that reform to the Democrats. In return the Democrats will support the Langdon bill and not in-

BANKER WILL NOT PROSECUTE

Is Expected to Survive Mutilation at Hands of Cudahy

WIFE RELATES HER SIDE

Claims Lillis Was Only Good Friend---Auto Rides and Din- ners Responsible.

Kansas City, Mo., March 8.—Jere S. Lillis, president of the Western Exchange bank, who was mutilated with a knife early Sunday morning, when John P. Cudahy, son of the wealthy Omaha packer, came home and found him with Mrs. Cudahy, was removed to his home last evening. He will recover.

Lillis will be served for life. Mrs. Cudahy, in an interview, declared that she and Lillis had been automobile riding and had taken dinner at the Baltimore hotel, which was a common affair for them.

He had taken her home and she had asked him to come into the house. She said they were seated in the library of the home, casually discussing commonplace, when her husband, accompanied by his chauffeur, Johann Moss, appeared from practically nowhere.

They attacked Lillis, bound and gagged him, and Cudahy, who she declares is of a jealous nature, proceeded to carve him with a big butcher knife. Where he got the knife she did not know.

She was afraid that he would murder Lillis, for whom she has a very sincere regard, and she called for a policeman. This is practically all of her story.

But by the story of betrayal, jealousy and revenge assumed tangible form as it was told by one of Cudahy's attorneys. Included in it is the narrative of an old suspicion which grew upon the husband until he set a trap.

Into this trap late Saturday night Jere S. Lillis, wealthy, handsome, athletic member of practically every important Kansas City club, walked. Then the husband and a trusted employee seized him and bound him with a rope.

Arming himself with a carving knife Jack Cudahy proceeded coolly to slash his rival, while, horrified, Mrs. Jack Cudahy looked on and mingled her pleadings with the groans of Lillis.

Just as the enraged husband was preparing to complete a still more ghastly mutilation, and while his victim was begging piteously to be spared this last indignity, a policeman, in an-

swer to Mrs. Cudahy's telephonic appeal, burst into the house.

John Moss, chauffeur, who aided Cudahy, has escaped.

The affair was the culmination of a series of events which have been common gossip in Kansas City for years.

The names of Lillis, the debilitated banker, and his孀 widow, described, the said Mrs. Jack Cudahy, have been associated together, when for them one might say, "a good thing."

It is known that the husband of several occasions, the same suspicious, once he ordered a line out of his house at the point of a revolver.

At another time he is said to have shot at Lillis as they passed in automobiles on a country road.

A few weeks ago, after a return from a week's trip with the "Merry Widow" opera company in Minnesota, Mrs. Cudahy told a reporter that an amateur performance of the "Merry Widow" was being planned by members of her social set.

She was to be the widow, she said, and Lillis was to be the widow's sweetheart, Prince Danilo. The production was never staged.

For a time a truce was patched up between Cudahy and his wife in relation to Lillis.

Several weeks ago, however, the husband again became suspicious, and had his wife's action observed. Moss, the chauffeur, was employed in this task.

Whatever he may have learned, Cudahy decided upon a trap. Saturday night he elected to spring it. He notified his wife he was to leave the city on a late train.

That evening Mrs. Cudahy and Lillis dined together in the Pompeian room at the Baltimore hotel. This excited no comment, because their dining there together was as much an accustomed part of the place as the marble pillars which support the ceiling.

It has been one of their favorite trysting places, dividing the honor with the dining room of a road house at Fifth-street and Tappan avenue.

About midnight, and a short while after Mrs. Cudahy had returned home, her husband and the chauffeur went quietly to the home at 100 East Thirty-sixth street.

First they peered through the windows. Then, slipping off their shoes, (Continued on Page 2, Col. 4.)

Thrown Around Caruso, Noted Italian Tenor, on Account of Recent Black Hand Threats.

New York, March 8.—While Caruso in his hotel today professes to feel confident that the danger of a Black Hand attack upon himself, all New York is discussing the elaborate police protection accorded him last night.

From the moment he left his hotel, enroute to Brooklyn, where he sang, until he returned today, he was always under guard. At the Brooklyn academy 80 police were scattered through the theatre, hidden in the wings and about the building all prepared for an attack on the Italian singer.

BATTLED WITH RAGING FIRE

New York, March 8.—The story of a five days' continuous battle with a raging fire in the coal bunkers of the freight steamer Mande, is told by the exhausted crew of the steamer which arrived here today. The men worked in short shifts in an inferno of heat and poisonous smoke during almost the entire trip from the West Indies, and though in constant danger of death finally succeeded in removing enough of the coal so that the fire burned itself out without more serious consequences.

CITY SOLONS TRANSACT MUCH IMPORTANT BUSINESS

Number of Organizations Ask for Pas- sage of Telephone Ordinance---West End Citizens Want Relief From High Waters

Resolutions for Laying of Sidewalks and Number of Special Assessment Ordinances Passed--- Health Officer Knauss Wants Sewer for Oklahoma District.

While Newark is supposed to be a "dry" city, it isn't by a long ways, according to the reports and speeches made in city council Monday night, for floods, high waters and submerged property came up at intervals during the session, and besides speeches from residents, several councilmen introduced resolutions for the improvement of conditions in various sections of the city.

The telephone ordinance was also kept before the councilmen by the introduction of several resolutions from different organizations in the city asking that the automatic telephone be installed at the rates asked by the Citizens Telephone company.

Street assessments and sidewalk ordinances also kept the councilmen busy from 7:30 to 9:15 o'clock.

When the roll was called President Ankele was in the chair and Councilmen Irwin, Orr, Fulton, Elmer, Prior, Baker and Stare answered to their names when called by Council Clerk McCarthy. The clerk's desk was literally swamped with papers, resolutions, ordinances and reports, and the city dais prepared for a session that would put the last two meetings, very brief ones, to shame.

Committee Reported.

When the reports of committees were called for, the law committee, composed of Fulton, Prior and Bolton, reported on the Henry Fincker claim for sewer damages, and advised the city against settlement, and reported that the council could not pass on the matter. The report was quickly received and filed.

The Mayor's Report.

The report of Mayor Atherton for the month of February was read and showed that licenses to the amount of \$2 had been issued. Fines in city cases amounted to \$10 and the other collections came to \$10. The mayor's fees were \$4 and the officers' fees \$2. In state cases the fines collected amounted to \$31; the mayor's fees were \$22 and the officers' fees \$11.

Service Director's Report.

Service Director M. M. Taylor had several reports, which were read by Clerk McCarthy. The first one called the attention of council to the Oklahoma district and recommended that a sewer should be constructed on Jackson and East Locust streets, and in this manner much trouble could be averted in the lawland.

The reported cost of several sidewalks was read and showed a total of \$1065.85. On the east side of Hudson avenue, between St. Clair and North streets, the cost was \$242. On the north side of West Main street, between Pine and Sixteenth streets, the cost was \$192.65. On the west side of Day avenue, from West Main street to the first alley north, the cost was \$215.50. On Woods avenue, between Hoover and Moul streets, the cost was \$229.

Asked if he would take up the work today and hustle through with it, Mr. White said it would be impossible, for there was no place for him to pump the water found on the ground.

FOURTH DAY OF GENERAL STRIKE IS VERY QUIET

Philadelphia, March 8.—The fourth day of Philadelphia's general strike was ushered in with absolute quiet. Both sides, though claiming victory, have settled down to a wait-and-see policy.

NEGLECTED GRAVE STILL AFTER THAW FEES

Of Revolutionary Hero Who Lies Buried in Lutheran Cemetery in Franklin Township.

While it is not generally known it is a fact nevertheless that there sleeps in the little Lutheran cemetery, in Franklin township, a soldier of the war of the revolution, whose grave is allowed to be neglected and grown over with briars and tangled weeds. Over the grave of this old hero is a time-worn monument, which bears the almost indecipherable inscription:

John Larabee,
Died February 6, 1846,
Aged 91 Years.

He was a Soldier Under Washington. The old tombstone is beginning to decay and apparently the grave has had no attention for years. It is remembered by some of the oldest residents of the township that many years ago the Rev. J. H. Miller, pastor of the Lutheran church here, had had a report of this old hero. The church members of the American Revolution should give this matter their attention, and not feel sure that they will see to it that the grave of the old soldier will be properly cared for.

SPLENDID WORK OF THE NEWARK CITY HOSPITAL DURING PAST 12 YEARS

The board of managers of the Newark City Hospital recently held its annual meeting at which a brief account of the origin, growth and present condition of the enterprise was read by the secretary. It was felt by the ladies of the board that the public would be interested in some features of the record as presented.

The hospital has done its work so quietly that many people have scarcely been aware of its existence, but the character of the work has been such that it has justified its existence and has commended itself to all who have taken the trouble to inform themselves of what is being accomplished. Certain it is that the institution has warm friends among all the patients who have put themselves under its care, together with their circle of friends. It rejoices in the increasing number of friends as well as in the favor of the physicians toward a work so important to their profession and so vital to the interests of the city.

A little more than twelve years ago, Miss Lisie, a sister of Dr. W. G. Jones, while on a visit to her brother, met a few of the ladies of the city, and being possessed of the hospital idea, because of her interest in and connection with a hospital in Pittsburgh, enlisted them in the project of starting one in Newark. Her enthusiasm awakened several to the need in a town of this size, of a place where the sick and suffering could be properly cared for. In view of the fact that Newark had so many shops and factories, where accidents are likely to occur, it seemed a great mistake not to have even a room where emergency cases or those of any nature could be taken.

Accordingly, aided and encouraged by Miss Lisie's experience, fifteen women came together and, after weighing the matter carefully, decided to undertake the task of starting a hospital, however small it might be in the beginning. With a courage born of faith and with but fifty dollars in the treasury, the enterprise was launched, not without some misgivings as to its ultimate success.

In the beginning the board of managers was composed of representatives of the churches of the city, so far as possible this custom has been continued. It was hoped that the combined interest of the churches would prove a large factor in making the enterprise a success. The board of trustees, consisting of ten men, has always been filled by able and substantial citizens.

The first few years present a record of strenuous work to keep the hospital on its feet, some of the women devoting time and strength unsparringly to the work. Notably Mrs. Morris, Mrs. Leek, and Mrs. Fulton. At the outset a part of the old hospital building on Hudson avenue was rented, but very soon it became necessary to have more room and the entire house was taken and fitted up. As time went on and the work grew these accommodations were not adequate. More and better equipment became inevitable. Something better must be provided.

The situation was relieved, when four years ago, the old hospital building was moved to its present site on Wyoming street, and greatly enlarged. After a short interval, the work was resumed under more favorable conditions than ever before. There are now rooms to accommodate

HAPPY, HAPPY, USE TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore Feet? Never After Using TIZ—Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Dodge Bldg., Chicago Ill.

seventeen patients, a fine operating room and better equipment generally. At no time in all the twelve years has the work been carried on so efficiently as at the present time. But with all these changes and improvements there is not yet room enough to receive the number of patients who apply for treatment. With a larger, modern hospital building it would be possible to care for twice as many patients with a comparatively small increase of expense. The household forces would have to be somewhat enlarged, but the earnings would be greatly increased.

Exceptionally fine women have always been chosen as head nurses. They have been graduate nurses, efficient and conscientious. Hundreds of patients remember with gratitude, Miss Bartlett, Miss Strathie, Miss Coffey and Miss Sales. The present head nurse, Miss Campbell, ably assisted by Miss James, both graduate nurses of large experience, inspire confidence in both patients and physicians.

It should be well understood that the earnings of the hospital are not sufficient to maintain the work. With a limited number of patients and the large amount of charity work done, this would be impossible. So it has been necessary to supplement the earnings with funds secured from other sources in order to pay the salaries, rent and household expenses each month. For several years this extra fund was obtained by membership fees and proceeds from various forms of entertainments. In 1907, in addition to this there were many small gifts made on Donation Day. The Altar Guild of Trinity Church, the D. A. R., the Elks, the Foresters and other organizations have shown their interest in a substantial way. Whenever a public appeal has been made, which was rarely done, the citizens have responded most kindly.

Since the city has made an appropriation each year for the care of those who are unable to pay, the charity patients, the board has not asked the public for help. What has been contributed has been given in a quiet way by warm friends of the work. With the earnings of the work, and this outside help, the treasurer, Mrs. Woodbridge, has been able to meet all bills when due during the twelve years of the hospital's existence, but there never has been any surplus at the end of the year to be laid aside for a future hospital building or even a lot for it.

For the past two years a generous citizen has paid a part of the rent. Such help is highly appreciated. From the beginning the Gas company, the Licking Electric Light company, the Water Works, and both Telephone companies have given free service. Without such aid the work could not have been maintained.

A new feature has lately been added in the way of a training school, in which four have been enrolled. Some of the physicians are contributing their services in giving instructions to the class. This is a move in the right direction and will be of value to the hospital in many ways.

It may be a matter of interest to know that the Hospital Association, which is duly incorporated, has to its credit in 1909, of this sum, \$500.00 was a legacy from Mr. Donovan and \$250.00 from Mr. Weipert. This is a nucleus for a hospital building which it would be gratifying to see increased.

This for twelve years the members of the board have held on to the "hospital idea" has permeated the conscience of the people of Newark, they would arise and build a hospital worthy of themselves and their city.

During the twelve years that the hospital has been in operation, 1,297 patients have been treated, nearly one-fourth of whom have been charity cases.

The following officers were selected Sunday to conduct the New Bethel Sunday school for a term of six months beginning April 3: Dr. S. E. Davis, first superintendent; Mrs. E. M. Limbary, vice superintendent; Mrs. Nora Welch, treasurer; and Miss Mary Welch, secretary. Superintendent Davis will conduct a special election for teachers for the several classes at the next regular service.

E. M. Limbary, accompanied by his daughter, Miss Lulu, made a business trip to Delaware Saturday.

Mrs. B. R. Fick and little daughter of Paines and Mrs. V. L. Mann and two children of Westerville were guests of Mr. and Mrs. Jake Welch from Saturday till Monday.

The box social at the grange hall Friday night was fairly well attended.

Ed Limbary purchased a 40-acre tract Friday of Miss Edith Lock. This makes a valued addition to Mr. Limbary's farm.

H. J. Tobish and wife spent Sunday at Lyman Limbary's of Vans Valley. They report finding Mrs. Limbary still very sick.

Mr. Clarence Ballenger of Westernville was a caller in this vicinity Sunday.

What is considered by all experts as the best well drilled in the Bremen field was shot on the Rhodafaer lease, just across the lot from the Great Expectation big well.

The well is known as the Rhodafaer, and will flow over 200 barrels in 24 hours. It is expected that the well will produce between 500 and 1,000 barrels if it continues to keep up its wonderful flow. The well is right in the heart of the oil section.

BE FREE FROM RHEUMATISM

By Building Up the Blood So That It Will Cast Out the Poisons and Keep Them Out.

Every sufferer from rheumatism wants to be cured and to stay cured.

The prospect of the return of the same old rheumatism every year is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The tonic treatment with Dr. Williams' Pink Pills has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels, kidneys and skin. When this is done the rheumatism is permanently cured and as long as the blood is kept pure and rich the patient will be immune from attacks of rheumatism.

Mrs. L. L. Church, whose address is Box 100, Howard City, Mich., says:

"I suffered from rheumatism for about five years and I think it was brought on by hard work and exposure. It began with a sharp pain in my right elbow and extended down into my hand. My hand and arm would get so numb that I could not pick up a pin or dress myself. The pain was so severe that I could not rest nights and would have to walk the floor. I had chills up and down my spine and no amount of clothing would drive them away. I had a great deal of headache, grew nervous and debilitated and my right hand and arm were practically helpless."

"Neither the doctor's medicine nor any others that I took helped me in the least. So I decided to try Dr. Williams' Pink Pills. I soon began to feel better, could sleep all night, was able to dress myself alone and was permanently cured after taking a few boxes."

With the fact in mind that the rheumatism is in the blood, it will readily be seen that the best way to cure it is by building up the blood. External applications may give temporary relief from pain but to cure rheumatism you must treat it through the blood.

A valuable booklet, "Diseases of the Blood," containing fuller information will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

CLUCK, CLUCK!

Canton, March 5. — J. W. Strang can converse with chickens and understand their language. This is what he told Police Judge Quinn at a hearing of John Hanson, who it is alleged, "borrowed" two of Strang's pet Plymouth Rocks. "You seem to understand the language of the chickens," said Attorney Mills to Strang, after he had batted Easy on the head and told her to keep still. Daffy, the other bird, was much better behaved in court. "I'm a lover of chickens and can talk with them and understand them," answered Strang.

California via New Orleans

At this season of the year, a most delightful route. No snow, ice or freezing weather, and the very best service through Houston, San Antonio, El Paso, New Mexico and Arizona to Los Angeles and San Francisco. Electric Block Signal insures safety.

The Southern Pacific Co. Sunset Express, daily, has oil-burning locomotives—no dust or smoke—and is equipped with solid vestibule Pullman drawing-room sleepers, combination library, buffet and observation cars, chair cars and dining cars.
